Business Technology Assessment

Business Technology Assessment... powered by itgroove

Working with you to improve and maintain the health of your Business Technology.

Example:

- 4 hours of approved Interviews & Analysis
- Means 2 hours to prepare the report
- In total, the gig is 6 hours

What You Get

Once you state your budget, we get to work on your **Business Technology Assessment**. This includes:

- A series of interviews and analysis
- A report, including:
 - Summary
 - Top 10 List
 - Prioritized Matrix of Work/Risk Items
 - All Notes (OneNote)

Didn't get enough covered
in the initial budget?

Repeat the process
(i.e. get more budget...)

Budget **X** Hours: talk to us to define your priorities

Budget **Y** Hours: 1/2 of X time will typically be needed to produce the final report and recommendations
